

# Swimming at Kingsmead School from December 2020

We are so excited to welcome you back to the pool. As with many things in life, there are some new procedures that you need to be aware of at your chosen venue. You will find everything you need to know about Kingsmead School below – please read it very carefully.

## Arrival time

Please do not arrive any earlier than 10 minutes before your lesson starts. This should give you enough time to make your way through to the pool hall and prevents lots of people from waiting around at the pool for your class to start. If it is raining on arrival please sanitise your hands, remove your shoes and wait socially distanced in the corridor area. Should there not be space to wait and socially distance in the corridor the maths class room will be open and you are welcome to wait in there until class is ready to be called onto poolside.

## Face Coverings

Face coverings are not mandatory to wear during lesson times, however on entry into the building, whilst changing and on exiting the building please wear your face covering in line with government guidance.

## Equipment

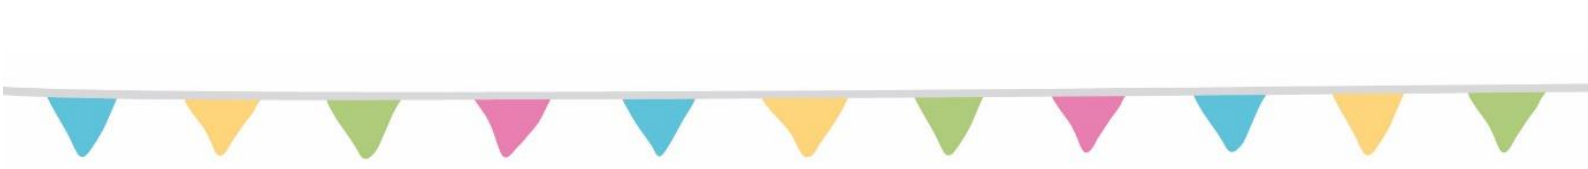

Puddle Ducks will provide equipment which will be sanitised and cleaned between use. However should you wish to bring your own woggles, sinking rings or floating bath toy to class you are welcome to do so.

## Arriving swim-ready

You and your child should arrive 'swim-ready' at the venue with your swimming costume/trunks/swim nappy on underneath your clothes. This is to speed up the changing times on the poolside for arrival before your lesson starts.

We appreciate that those children still in nappies might need a nappy change just before their lessons. If so, please take a changing mat onto the poolside with you and make sure you have nappy bags and another bag in which to put the nappy bag to ensure there is no waste left visible at poolside.

Please remember to purchase an outer 'neoprene swim nappy' and an inner reusable/disposable swim nappy to adhere to the 'double nappy policy' for swimmers within the Floaties, Splashers and Kickers levels. Teachers are currently unable to loan any spare nappies at the pool. You can find more information about the 'double nappy' requirements on our website and they can be purchased on our online shop to home delivered before your lesson.

Bring only the essentials (keeping valuables to a minimum) and one big bag to put everything in as this will be left poolside.

We advise that you all bring a change mat that can be rolled up and placed in your bag, especially those of you who have little ones who would normally use a change table or a bench.

## Use of Showers

Showers will not be available to be used before or after swimming lessons to keep entry and exit time to a minimum.

## Spectators

During our lessons we can allow one adult to one child at the pool. To reduce overall number of people within the pool hall, additional adult spectators will not be able to attend classes for the time being. Siblings can be on poolside however, all children attending are always the sole responsibility of the parent. There will be a poolside assistant present, their role will be to maintain high hygiene standards within the facilities throughout our lessons; they will not be able to look after any siblings spectating during class times.

If you require assistance due to a disability (either your own disability or your child's) then you can bring a spectator to help as necessary.

By not allowing spectators and limiting siblings on poolside we are able to adhere to appropriate social distancing.

## Parking at the venue

Please continue to park on the main road (A5553 Birkenhead Road) and walk down the private Carlton Lane to the School Pool Building. There is strictly no public car access onto Carlton Lane as this is a private residential lane. Access to the pool building is by foot – buggies are welcome to be used and left in the pool building if required.

## Entering the building

Please stay in the car park until 5-10 minutes before your lessons and then queue behind the Puddle Ducks branded outside of the pool building entrance. If the weather is cold or wet the maths classroom will be made available for you to wait for your class in the meantime. Our Poolside Assistant will then greet you then guide you through to the pool hall and welcome you onto poolside to get changed.

## Signing in/Letting us know you are here

All lessons will have a Poolside Assistant present marking off registers.

## Changing rooms

After your Puddle Ducks lessons access to the girls and boys changing rooms will be available to use. Please get changed after lessons as quickly as possible before exiting the building. The changing rooms will be cleaned with disinfectant between lessons.

## Entering the pool area

Please sanitise your hands before entering the pool area. The Poolside Assistant will show you where you can do this on arrival. Once on poolside we will guide you to where to change 'swim ready' whilst keeping socially distant from other customers and pool users. Please then wait with your belongings in your bag in readiness to place them at them at the adjacent side of the pool hall by walking around the pool when the teacher indicates it is time for you to enter the pool.

## Exiting the pool area after your lesson

Please collect your bag and then the Poolside Assistant and enter the changing rooms. We advise that you bring easy, comfortable clothing for both you and your child – items like onesies might be easiest for children to get changed quickly and keep them warm for speedy exit.

## Leaving the building

When you are ready to leave the building, please wash your hands or use the hand sanitiser provided, exit through the usual exit/entrance, then make your way to your car/mode of transport.
