

FUN LANGUAGES FOR KIDS

The *fun, intuitive & interactive* way to learn Spanish.

What do we do?

- * Weekly fun Spanish classes in nurseries/venues combining songs, actions, dancing, music, story-telling & let's pretend!

Why learn a language at a young age?

- * Increased cognitive development including improved attention span & memory skills
- * Preparation for compulsory languages in primary school
- * Children learn without even realising it
- * It promotes a broader world view and a positive attitude towards languages & cultures
- * It boosts language development in their native tongue

"The children cheer when they see the teacher arrive at the nursery."

"We know it's their favourite part of the week."

Continued learning at home

- * We provide 1/2 termly vocab sheets, reward certificates, stickers & fun worksheets
- * Also there is a fantastic CD for sale with 12 fun songs that the children will know from the classes

"It is a fantastic opportunity which helps build confidence and gives an early interest in languages and the world around them."

Mum of Lucas age 4

"I am amazed when Gracie comes out with Spanish words at home, it's very exciting! And shows how much they can learn at such an early age."

Mum of Gracie age 2
