

Swimming at Albrighton Hall from September 2020

We are so excited to welcome you back to the pool. As with many things in life, there are some new procedures that you need to be aware of at your chosen venue. You will find everything you need to know about Albrighton Hall below – please read it very carefully.

If you would also like to read about what, as your chosen swim school, Puddle Ducks is doing to keep you, your child and our team members safe, we have summarised all the steps we are taking including our risk assessment procedure, cleaning and hygiene regimes and temporary changes to the way our lessons will be run on our website.

Arrival time

Please do not arrive any earlier than 10 minutes before your lesson starts. This should give you enough time to get poolside and prevents lots of people from waiting around in spaces which may be too small to handle it in the current situation.

Arriving swim-ready

Wherever possible, you and your child should arrive swim-ready at the venue i.e. with your swimming costume/trunks/swim nappy on underneath your clothes. This is to minimise the time spent in the changing area.

We appreciate that those children still in nappies might need a nappy change just before their lessons. Ideally this can be done in the car before entering the building but if not, please take a change mat to the changing area with you and make sure you have nappy bags and another bag in which to put the nappy bag to ensure there is no waste left visible in the changing area.

We advise that you all bring a change mat that can be rolled up and placed in your bag, especially those of you who have little ones who would normally use a change table or a bench.

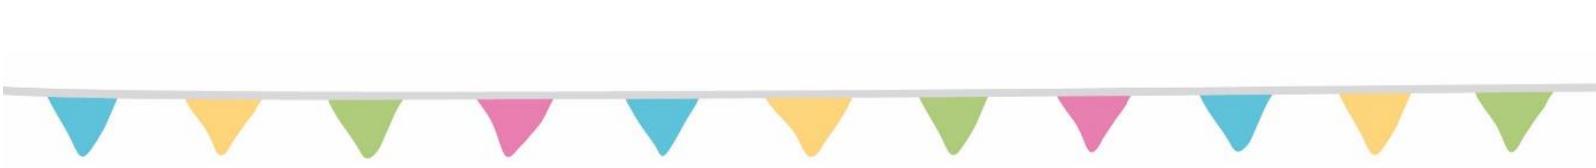

Please bring only the essentials (keeping valuables to a minimum) and just one bag to put everything in as this will need to be left inside a locker.

Equipment

Current UK guidance recommends that swimmers should bring their own swim equipment if possible. However, where customers don't want or feel the need to bring their own equipment or where they forget, there will be equipment available for use. Puddle Ducks have linked up with Splashabout to offer you 'kit bundle' offers (please see our website).

You will need:

- Floaties & Splashers: A long woggle and a floating toy
- Kickers, Little Dippers & Dippers: 2 woggles, a floating toy & a sinking toy (1 woggle to be cut in half to make 2 short woggles)

Spectators

Due to the limited space poolside, and to enable us to practice social distancing more effectively, spectators are not allowed at this time. Only 1 adult should accompany their child to the pool.

If you require assistance due to a disability (either your own disability or your child's), then you are able to bring a spectator to help as necessary.

Parking at the venue

Parking is in the main spa car park as usual, please adhere to social distancing in the car park.

Entering the building

Enter the building through the main spa reception area adhering to social distancing at all times. As per current Government guidelines, facemasks need to be worn in all communal areas of the hotel (masks do not need to be worn within the pool hall).

Signing in/Letting us know you are here

Please report to the spa reception desk to sign in before proceeding to the changing rooms. Our teacher will take the register as normal before the lessons.

Changing rooms

Puddle Ducks customers are permitted to use the spa changing rooms as usual. Please adhere to social distancing from other customers and spa members. All belongings must be packed away into a locker which you will need a £1 coin for, some lockers are out of use to help aid social distancing at this time. The spa team will be regularly cleaning the changing area during our session.

Toilets/showers

Toilets are available within the changing rooms. Customers are encouraged not to use the showers within the changing rooms and ideally shower at home before & after lessons.

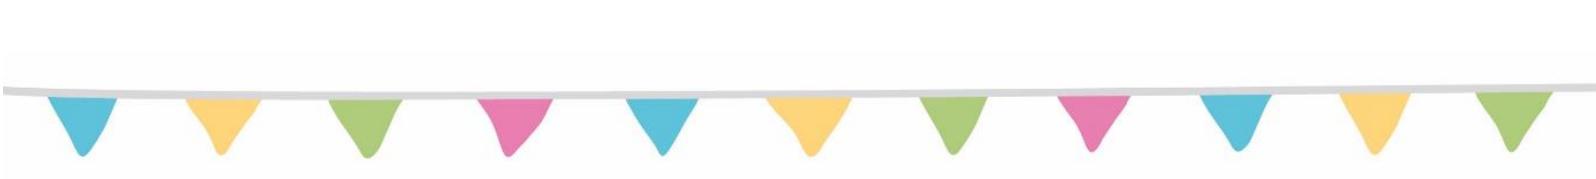

Entering the pool area

Please wash your hands before entering the pool area. In some cases, it might be using hand sanitiser instead of soap and water.

Entrance to the pool is through the changing rooms, please enter the poolside just a few minutes before the start of the lesson to avoid congestion. We will be asking each class to enter to the left hand side and wait poolside along the left hand wall and ramp, keeping socially distant from one another and other pool users, until the teacher indicates it is time for you to enter the pool.

Exiting the pool area after your lesson

After the lessons please proceed to the changing rooms using the opposite side that you entered to avoid the swimmers in the next class. Please aim to change as quickly as possible to allow time for the changing rooms to be cleaned before the next set of customers arrive. We advise that you bring

easy, comfortable clothing for both you and your child – items like onesies might be easiest for children to get changed quickly and keep them warm.

Leaving the building

When you are ready to leave the building, please wash your hands or use the hand sanitiser provided and make your way to your car/mode of transport via the spa reception.
